## Team Frankie raced in Barcelona, Spain, on the 5/6th July

The hot weather over the weekend at the Grand Premio Camion de Cataluna, pushed the drivers and machines to their limits.

Frankie finished the first race in 6th place after a collision with another racing truck,

***“which had a less efficient braking system”***

Markus was competing closely with British Truck Racing Champion and fellow Juratek OEC2 Pad and Disc customer, Stuart Oliver and also the Swiss, Markus Bösiger. However, in the final three laps Markus's gearbox broke and he had to retire early.

During the second race Team Frankie's engines started to overheat, so both trucks had to continue with considerably less engine power. By the end of the race Frankie was placed 6th and Markus was placed 14th.

***“Due to the good performance of the Juratek brakes Frankie and Markus could get into the corners much better but lost ground when accelerating”*** Team Frankie July 09

After the first race on Sunday Team Frankie's trucks finished 7th and 8th.

In the final race both trucks were damaged so badly due to a collision that they had to retire early.

Next Race 26th July, ADAC Truck Grand Prix Nurburgring, Germany.
