

From the track...

JURATEK®

...to the road

Juratek are well known across Europe as a leading distributor of brake discs and pads for heavy commercial vehicles, trailers and buses. All Juratek products are made to high standards of quality, durability and in-service performance, which is demanded at all levels of distribution in this very safety conscious market.

We have designed and launched a range of brake discs and pads for passenger cars and light commercial vehicles. These parts are made to the same exacting standards as our commercial vehicle parts, which are now fitted by the UK's No1 truck racing team, Team Oliver, helping Stuart Oliver to win his 8th BTRA championship in 2008.
